

Strategy/Goal Statement:

- 1) To show off my lathe skills
- 2) To show off my web programming skills
- 3) To help others do lathe work

Pages:

- 1) Index
 - a. How to pages (5, at least)
- 2) How to page
 - a. One for a pen
 - b. One for an ice-cream scoop
 - c. One for a pizza slicer
 - d. One for a cheese set
 - e. One for an ornament
- 3) An about page (about the website)
- 4) Maybe a contact page?

Resources needed:

- 1) Javascript/jquery
- 2) Css
- 3) Pictures (the primary picture will be an actual picture of the object, while the steps will have be sketches, which are placeholders)

Obstacles:

- 1) Poor sketches of the projects/steps
- 2) Use of slides
- 3) ...
